Upkeep of avenues & trees on military

S. 68 File 276
of 1885.
Letter No. 187 of 1908.
17th January 1908.

The military roads in the Coimbatore
have been, with the sanction of the
Govt of India, transferred to the munici-
pality on certain conditions, one of
them being that all revenue realized
by the municipality from the trees on these
roads be paid over to the Officer Com-
manding the Station or a fixed annual
sum (to be ~~not~~ suitably arranged)
in lieu thereof the revenue to be paid
being the amount realized from the
trees on these roads less the cost of their
upkeep (including planting).

2. It is clear from the transfer of these
roads that it was the intention to place
the roads & their maintenance under
one

the single authority. The Commission have resolved to make over the upkeep of avenues & trees on these roads to the military authorities, & their restriction is based ~~on~~ on the following grounds:

(a) military works Dept. has a regular staff for such work while the municipality has not.

(b) avoiding dual control in one & the same area: (near Parade Maidan) since at present the trees on the roads are under municipal supervision while the trees skirting the "Ride" road the maidan are attended to by the military Dept.

3. As regards (a) above, it is noted that the municipality should keep a regular staff for the work because they have not ^{upkeep of} ^{avenues on} the military roads to look after but also the trees on other roads in the Station. The budget provision for 1908-09 for maintenance of avenues is Rs 500/- there appears to be not much more in (b) above. The Ride belongs to the military & they must of course look after it their staff ~~will~~ can exercise no control

over the trees on the roads which are under the control of the Municipality - no case of dual control is involved in this matter.

4. If approved, the President, Municipal Commission may be informed that the President sees no sufficient grounds to effect ~~change~~ a change in the system of maintaining the military roads in the position which has so recently been sanctioned by the Govt. of India. The Commission ^{it may be added} should maintain a regular staff for the upkeep of avenues.

The above is one view of the case. On the other side it may be mentioned that prior to the introduction of the arrangements sanctioned in the Govt. Dept. letter of the 17. January 1908, the trees growing on military roads were

maintained by military agency
 while the roads themselves were
 kept in repair by the Municipal
 Commission from funds contributed
 by the City Dept. and that such
 an arrangement appears to have
 worked smoothly. It would seem
 from the representation now made
 by the Municipality & supported as
 it is by the military authorities
 that the ~~transfer of the trees~~ change
 effected this year as regards the
 maintenance of the trees in
 question has been found inconvenient in practice
 and that in a matter of this
 kind in which both the parties
 interested are agreed, this finding
 might well acquiesce in the proposal.
 The District Officer may therefore

A. 80

The trees on military roads including
those round the munition have apparently
been retransferred to the military department
from the control of the Municipality under
the authority conveyed in this office letter No.
6338 of the 27 Nov. 1908. In the matter
of keeping these trees, etc, a contribution
is made to the ~~municipal~~ military authorities
from municipal funds equivalent to
the amount of fines realized in cases
prosecuted for damaging trees on
these roads, but this contribution cannot
be much. The amount of fines realized in
respect of trees on military roads during
the year 1908 was Rs 11-4-0.

that in the existing protective measures adopted by the military authorities with regard to the avenue trees, the Municipal Corporation should come forward with a contribution, more especially because the side is used by the civil population also. The total value is not stated, but the Corporation have resolved to make a contribution of Rs 500/- on this account.

3 - If approved, the proposal may be sanctioned. Under Section 69(2) (b) of the Bangalore Municipal Law, municipal fund can be applied to use for payment in whole or in part of the expenses incidental to the planting & preservation of trees.

B. 88

Two years previous to the fences planted round the Puraskar Maidan, the Municipal Commission made a grant of Rs 500/- The military authorities raised a question whether the Municipality should not pay towards the maintenance of the ride around the maidan which costs about Rs 350/- per annum. The Commission have deferred the question of an annual contribution, but have now sanctioned a grant of Rs 500/- provided that the ride is put in as good order as it was 8 years ago.

2. The condition proposed by the Commission is vague, but probably the Municipality & the military understand what is required. The Commission's proposal may, if approved, be sanctioned - Draft prepared for approval.

Please see ~~note~~ paras 36 and 40 of notes.

As far as military roads are concerned, it appears from the letter forwarded with the above that the matter has been dropped (as suggested by the Municipal President in Sl. 18a) pending any further representations by the Municipality. Such being the case, the Municipality need not have troubled the Residency in the matter until they got a final answer from the Military authorities. It may, if approved, be suggested to the Municipality that, should they wish to urge their claims for an increased contribution, they had better address the Military authorities direct in continuation of their letter dated 11th August 1911.

With regard to suburban roads, the present contribution is Rs 5020/- while the average expenditure for five years ending 1911-1912 was Rs 4782/-. The Municipality, however, calculate an outlay of Rs 1797 for proper maintenance of the roads. It may be explained that, as the average of the actual expenditure on these roads was less than the contribution, there seems to be no sufficient ground for increasing the contribution.

I have the honor to invite a reference to the correspondence relating to the transfer of Military roads in the Civil and Military Station to the Municipal Commission.

2. In letter No. 187--M-W. dated 17th January 1908 from the Secretary to the Government of India, Department of Military Supply, to the Director General of Military Works, are given the conditions subject to which the transfer of the roads was sanctioned by Government. Clause (b) of these conditions implies that all the trees on these roads shall be maintained by the Municipal Commission, any "nett" revenue realised by them being payable to the Officer Commanding the Station.

3. Major Sorsbie, R.E., considers that these trees could be better maintained by the Military department, because they have a regular staff for the work which the Municipality have not. Another and more important argument for the retransfer of these trees to the Military department is that it would obviate the dual control which would otherwise exist in the matter of the upkeep of the trees near the Parade Maidan. According to the present arrangement, the trees on the roads round the Maidan are under Municipal

Municipal supervision, while the trees skirting the "ride" round the Maidan are attended to by the Military Department. As this sort of dual control in one and the same area is obviously undesirable, the Commission consider it would be advantageous to retransfer the upkeep of all avenues and trees on Military roads to the Military department.

4. If the ^{re}transfer is approved, the Municipal Commission, will together with the trees hand over to the Military authorities the revenue from these trees, the yearly amount of which has been estimated at about Rs 300/.

5. In forwarding herewith copy of the resolution of the Commission, I have the honor to request that arrangements may be made to have the retransfer effected as soon as possible.

The President, Municipal Commission,
(at the Station of Bangalore)

Sir,

With reference to your letter
No. 1127 dated the 30th June 1910, -
I am directed to convey the
sanction of the Resident to the
payment from Municipal
funds of a sum of Rs 500/-
towards the cost incurred
by the military authorities in
providing wire fences for the
trees planted round the ^{grounds} ~~main~~
+ on the main roads in the
(at the Station of Bangalore) -
The charge should, if possible
be met by reappropriation.

of trees round the maidan
on which the beauty of the
Station so much depends is
of greater interest to the
permanent civil than to the
shifting military ^{population} ~~stations~~,
& Mr. Fraser hopes therefore
that by making the present
contribution the Municipal
Commission are taking the
first step towards evincing
a sustained concern in
the trees and avenues of
the Station which will prevent
the waste of money hitherto
incurred in watering saplings
for which no proper guards
or fences were provided.

SIR,

I have the honor to forward herewith a copy of the resolution of the Commission passed on the 27th March 1913 together with copies of the marginally noted papers

No. D 352/5 dated 15-2-1913 from the Station Staff Officer to the President, Municipal Commn:

and to request the favor of sanction of the Hon'ble the Resident to the payment of a sum of Rs 500/- from Municipal Funds to the

Military authorities in 1913-14, provided the ride around the maidan is put in as good ^{order} as it was 8 years ago.

2. In this connection I would ^{invite} attention to your office letter No. 3760 dated 17th June 1910, conveying sanction to the payment of Rs 500/- for providing iron fences for trees planted round the parade maidan and on the main roads in the station.

I have the honor to be,

5. Letter No. D/352/5 dated 5th March 1913 from the Station Staff Officer, Bangalore, furnishing details of expenditure for the upkeep of the ride around the maidan and informing that the General Officer Commanding only desires a contribution from Municipal Funds; the Standing Committee recommend that half the actual expenditure not exceeding a maximum of Rs 300/- per annum be contributed from Municipal Funds towards the upkeep of the ride.

Mr. Davis proposed an amendment that a sum of Rs 500/- be paid from Municipal Funds in 1913-14, provided the ride is put in as good order as it was 8 years ago, and that the question of annual contribution for the upkeep of the ride be considered afterwards, that is, after the ride is put in order.

The amendment was seconded by Mr. Suryanarayana Rao, put to the meeting and passed.

Letter No. D/352/5 dated 15th February 1913 from the Station Staff Officer, Bangalore, to the President, Municipal Commission, Civil and Military Station, Bangalore.

At the request of the General Officer Commanding, I am --- writing to you with regard to the ride round the maidan. This ride costs about Rs.350/- per annum to keep up. Hitherto this charge has been met from Brigade Office Funds, but I now find there is not sufficient money available for the purpose.

As the ride is used by everybody in the station and as an annual tax Rs.9/- is levied on horses, the General Officer Commanding thinks that you might be of opinion that the upkeep of the ride would be a reasonable charge against Municipal Funds. I should be much obliged if you would kindly let me have your views on the subject.

Letter No. 9061 dated 27th February 1913 from the President Municipal Commission, Civil and Military Station, Bangalore, to the Station Staff Officer, Bangalore.

With reference to your No. D/352/5 dated the 15th instant, I have the honor to request you will be good enough to furnish me with a statement showing the details of expenses incurred in keeping up the ride round the maidan and let me know if the --- Military desires joint control or only a contribution from the Municipal Funds.

Letter No. D/352/5 dated 5th March 1913 from the Station Staff Officer, Bangalore, to the President, Municipal Commission Civil and Military Station, Bangalore.

In reply to your letter No. 9061 dated 27th February 1913, I have the honor to inform you that the detail of expenditure for the upkeep of the ride around the maidan is as follows:-

Pay of 2 sweepers at Rs 6/- per mensem.	Rs 144-0-0
Hire of carts for carting sand etc., about.	50-0-0
Renewing Harrow.	60-0-0
Hire of Bullocks for Harrow.	30-0-0
Incidental expenses, coolies, etc.,	50-0-0

Total Rs	334-0-0

2. The General Officer Commanding only desires a contribution from Municipal Funds.
